AST PRESENTS AT ANTEC® 2015

AST Technology is ramping up for a great NPE and will also have a technical presentation at **ANTEC**, the SPE's Annual Technical Conference co-located with NPE the week of March 23, in Orlando, Florida.

Sujit Sheth, General Manager for AST's Monitoring Division, will present his paper, entitled "Innovative Supply Chain Management: How Big Data Advances Moulders' Use of Resources and Promotes Competitiveness." During his presentation, Sujit will demonstrate how the use of technologies, like AST's CVe Monitor, can be used to efficiently manage one's supply chain. He will also illustrate how to embrace using Big Data for benchmarking and to gain valuable business insights that can give moulders a competitive edge.

Sujit will make his presentation on Tuesday, March 24, at 11:30 a.m. in the South Hall, Room S320G. Click **HERE** for ANTEC details and registration.

AST's Sujit Sheth is a featured technical speaker at **ANTEC**.

MEET THE AST TEAM AT NPE 2015

Look for new and advanced innovations in both the Monitoring and Services side of AST's offerings in Booth #W4345 at NPE2015

Those interested in learning about comprehensive monitoring and management of their tooling programs using the **CVe Monitor**, **OnDemand** software and **CVe Live** should seek out these members of the AST Monitoring Team:

- **Sujit Sheth**, General Manager-Monitoring
- **Lorena Fisher**, Technical Sales Specialist
- **Tom Knight**, Product Development Engineer

For those who require information about AST's **Design for Manufacture (DFM)**, **Processes and Training** services, or the new **System Moulding** software solutions, look for these members from AST's Services Team:

- **Philip Parmenter**, Managing Director-AST Technology
- **Paul Goldup**, Project Manager-EU Simulation and System Moulding
- **Paul Stidworthy**, PhD, Business Development Manager
- **Shawn Schnee**, Technical Service Manager-AST NA
- **Aaron Neate**, Process and Training Engineer-AST NA

Be sure to join us in our booth at 5 p.m. Monday through Thursday for our popular VIP Event and enjoy cold beverages, great music and the best networking party anywhere.

Make great things happen.
